

# See How They Mock

Kevin McCarthy (2/9/82 – 1 Peter 3)

G

See how they mock, see how they laugh

Am

While charting a course set on the world's behalf

C

They follow their lusts because it feels so good

D

And tell you they think everybody should

G

They say, "You're missing the boat son, and that's a fact.

Am

Your Jesus God is never coming back.

C

Everything's just like it's supposed to be,

D

Never to change, so come along with me."

G

But the eyes cannot see what's in front of the face

C

Am

That it's God who created the whole human race

D

G

With a flood God destroyed a whole world that was wrong

C

Am

And the Judgment to come is as sure as the dawn

D

They think they'll get by, think they'll escape  
They think Him sleeping and not awake  
Because He's been patient, hasn't judged them yet  
They'll go out and take whatever they can get  
He'll wait a day a week a thousand years  
Not wishing for anyone to end in tears  
But the Day of the Lord is coming like a thief  
Their laughter will end in everlasting grief

By His Word God preserves earth and heaven 'til when  
He will judge and destroy all the ungodly men  
The heavens will then pass away with a roar  
And the earth and its works will be evil no more

Brother since all you see will be taken away  
How should we be acting in view of that day?  
Let us look for and long for the Day to begin  
And a new world of glory that doesn't know sin
