

# Constantly Abiding

Performed Sunday March 26, 2000  
(Original Version: 1981 - Kevin McCarthy)

In this world full of uncertainties  
You don't know where you stand  
You don't know where you're going  
Your journey is unplanned

People rest upon tradition  
Tapes and books that they might read  
But there's a question of authority  
And where such teaching leads

## CHORUS 1:

You can know about the future  
You can know about the plan  
Of the God who really loves you  
And will hold you in His hand

How can we express the virtues  
Of our God who is above  
We can tell you of the sureness  
Of abiding in His love

Constantly abiding in His love  
Constantly abiding in His love

Folks are quick to stand in judgment  
With their legalistic views  
They rely on works and ritual  
While they miss the gospel's news

That in Christ is all sufficiency  
For forgiveness of our sins  
And no one comes to the Father  
But through honest faith in Him

## CHORUS 2:

You can know you'll be in heaven  
When all history's on the shelf  
Because the fact of your salvation  
Isn't based upon yourself

You can know a joy within you  
That you never could dream of  
For the gracious God Who saved you  
Will preserve you with His love

Constantly abiding in His love  
Constantly abiding in His love

## BREAK

**CHORUS 3:**

When you were dead in your transgressions  
And the condition of your flesh  
With Him you were made alive  
He has cancelled out your debt

If you've been raised up with Jesus  
Keep your eyes on things above  
And just as the Lord forgave you  
Be united in your love

Constantly abiding in His love  
Constantly abiding in His love
